UI/UX Designer with hands-on experience designing in Figma, user flow design, and clean, minimal interfaces. Seeking an opportunity to create intuitive and user-centered digital experiences.

WORK EXPERIENCE

Sewaverse • 07/2025 - 01/2026
UI/UX Designer Intern

- Led the design of the "Hire Sewa Provider" feature by creating 12+ high-fidelity screens and structuring 3 service modes to streamline booking workflow.
- Improved user clarity by organizing payment states and confirmation logic across multiple service options.
- Reduced booking process complexity through structured user flow mapping and interaction design.
- Collaborated with 3+ developers to translate UI designs into functional product features.

EDUCATION

Bachelors of Science in Computer Science and Information Technology

Prime College • Khusibu, Nayabazar, Kathmandu • 04/2022 - 02/2026

PROJECTS

Chatgpt UI Redesign

- Designed 4 high-fidelity screens and structured complete authentication and chat user flows.
- Improved interface consistency by creating reusable components and standardized typography system.

Mobile App Wireframing

- Designed 4 low-fidelity mobile wireframes and developed an interactive prototype to validate user navigation logic.
- Organized onboarding and core feature flows to improve usability and screen transitions.
